Testing Compliance versus Non-Compliance

PCR Saline Gargle (SG)

- Sensitivity: superior to antigen and PCR NP tests
- Cost of supplies/lab personnel: less than half compared to antigen tests*
- Results delivery time: Same day or next day compared to 2 hours for antigen tests*
- Collection process: minimal supervision required for self-administered tests

Recommendations for Reentry and Surveillance Testing

Diverse working group convened to consider options for a faculty and staff testing program

- Chairs: Leila Barraza (Associate Professor, Public Health)
Steve Holland (Chief Risk Officer)
- Intended for faculty and staff who will spend time on-campus
- Opt-in or mandatory testing under consideration

In the interim, employees are strongly encouraged to take advantage of the free and convenient COVID-19 testing resources on campus.
