

Non-Consent Agenda Item:

Approval to revise and amend the Final Exam Regulations

Effective Term:

Summer and Fall 2016 for all undergraduate and graduate courses

Proposal to add Item #3 and revise Items #2, #4, #8 of the Final Exam Regulations, see current Regulations <http://registrar.arizona.edu/schedule2154/exams/examrules.htm> (in red font):

1. No classes or laboratories will be held after the last day of classes.
2. All courses offered for credit shall include a final examination ~~given during the published examination period~~ or a summative assessment (e.g., portfolios, essays, project reports).
3. Final exams must be limited to the published examination period for that term (e.g., semester, first 7-week session, pre-session). See item #4 for the process by which exceptions may be made.
4. It is Faculty Senate policy that all forms of exams (quizzes, take homes, etc.) are prohibited on any scheduled class or reading day during the calendar week in which regularly scheduled final exams begin. Specific exceptions for certain courses may be made with approval from the appropriate academic unit head and academic dean. Students shall be informed of any such exceptions ~~in the class syllabus. prior to the end of the fourth week of classes, as published in the University General Catalog.~~
5. Exams for classes starting after the hour will be held according to the schedule for that hour. Example: classes starting at 2:15 pm will hold the exam at the same time as the 2:00 pm classes.
6. In courses where the exam is given according to the class meeting time, the lecture hours only are considered in determining the exam period, unless the course is a laboratory only with no lecture. The exam will be given in the same room in which the lecture has been held, unless otherwise informed.
7. Certain courses will have Common Final Exams. Common Final Exams can be scheduled only in courses that have four or more class sections or more than 200 students. Rooms for these course finals will be announced by the instructor prior to the final exam period.
8. Instructors of fully-online classes are required to specify in the syllabus when—during the official final exam period—they will hold their final exam or by what date and time students are required to submit their summative assessment. ~~one of two options: (a) the online exam will be given during the exam period designated for an online class—the last period of the last day of final exam week; or (b) the online exam may be taken at the student's convenience any time during final exam week.~~
9. A student having two or more exams scheduled for the same time period will take the exam in the course with the largest total enrollment. The student must then arrange with the instructor of the other course to schedule a make-up exam at the earliest possible time during the final exam period.
10. A student having four or more exams scheduled for one day may, upon prior notice to the instructors concerned, arrange to take the fourth and fifth, etc., exams on some other day during the exam period. The student must report to the Office of the Registrar, Registration and

Transcripts, Administration 210, no later than fourteen calendar days before the end of classes to obtain an authorization form for the rescheduling. The exams to be rescheduled are those in courses having the lowest enrollment(s).

11. *Candidates for graduation who have a final examination scheduled during their college commencement recognition ceremony shall be given the option of rescheduling that exam. Faculty may verify the date and time of college commencement ceremonies on the [UA Commencement Ceremony](#) website.*

As Confirmed by the Faculty Senate: No deviation from the exam schedule, once it is published, is authorized.

Rationale for the amendments:

- Instructors of online classes have requested more flexibility in scheduling a time-bound final exam within the published examination period.
- In January 2011 when one online-class exam period was designated (item #7 in current policy, #8 above), students only took 1 - 2 online classes. Now that students enroll in 3 or more online classes, a single exam period is problematic.
- Most UA peer institutions permit instructors of online classes to select any time within the final exam period for a time-bound final exam, so this approach is proposed for the UA.
- Item #3 is proposed in response to student complaints that final exams for semester classes were scheduled on Saturday/Sunday, which is not within the published examination period.
