2013-2014 Committee Work

The Research Policy Committee met one time this academic year, to review the new Conflict of Commitment and Research Conflict of Interest policies, to which we had no significant objection.

One outstanding matter discussed but yet to be addressed by the committee is the policy on centralized animal care, which some committee members are concerned may be too restrictive. The RPC will address this matter in the coming academic year.

The work of RPC would not be possible without the commitment of the various faculty members who donate their time to serve on this committee.

Respectfully submitted,

Charles M. Higgins, Chair
Research Policy Committee
