

APPC Resolution – 5.1.23 Faculty Senate Meeting

“APPC strongly recommends the following:

- The continuation of the current election process with all candidates included
- Adherence to the Faculty Constitution in subsequent elections
- Discussion in the Senate and the Constitution & Bylaws Committee of the intended purpose of Art. II §2, including consideration of clarification or elimination of the clause. Weighing the costs/benefits of immediate compliance against those of a process of implementation that would lead to compliance by the next election cycle, APPC strongly favors the latter.”
