

Learning Management System Request for Proposals

Updates

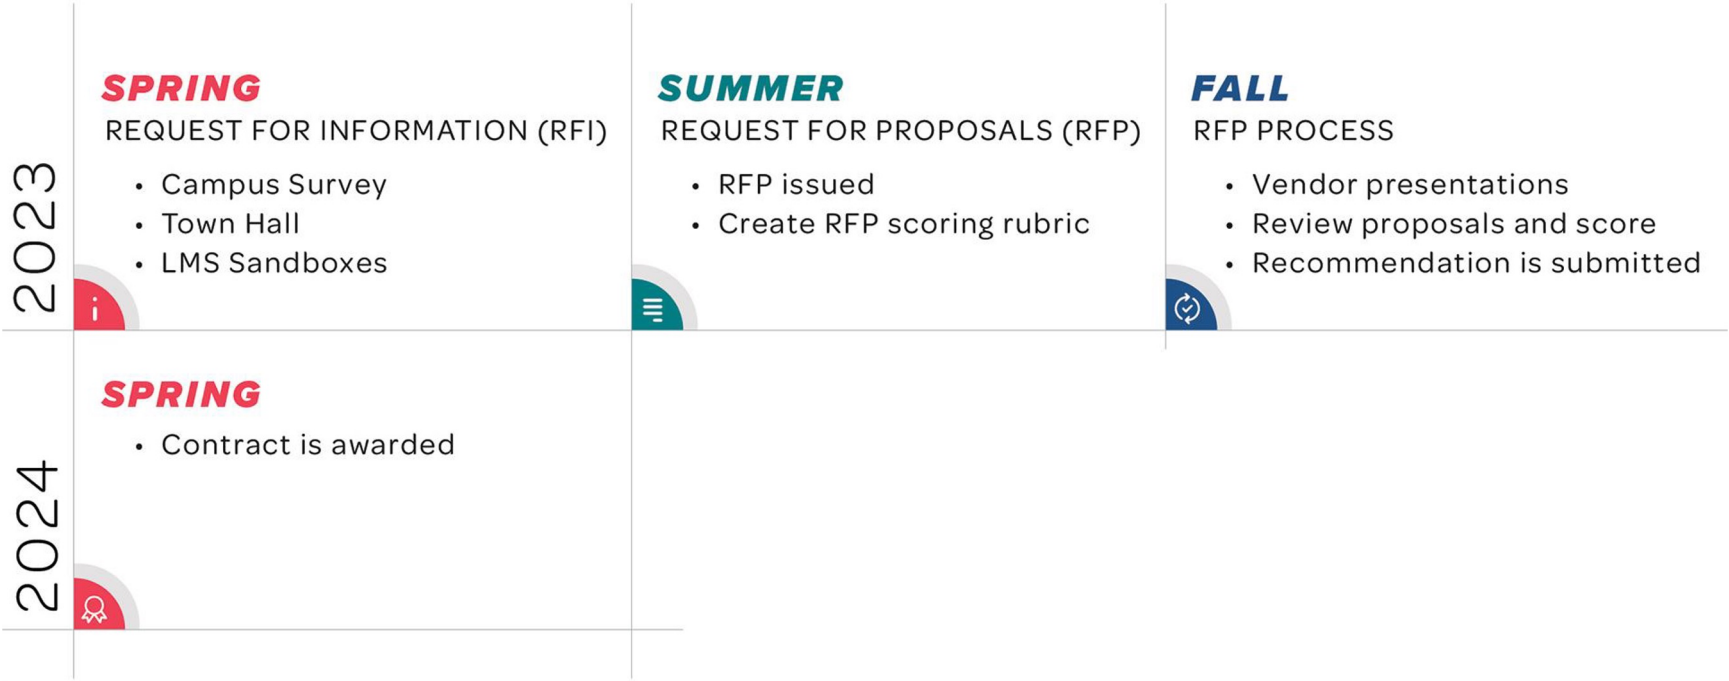

Purpose

Our contract with our current LMS, D2L Brightspace (D2L), expires in January 2025.

As a state agency, we are required to conduct a request for proposals (RFP) for all major contracts. An RFP is an evaluation process and does not necessarily mean we are changing our current LMS.

We are committed to engaging our campus community through surveys and platform testing to gather information for comprehensive evaluation.

Timeline

RFP Committee

Roger Miesfeld	—	Committee Chair, Distinguished Professor
Paul Blowers	—	Distinguished Professor
Ginger Hunt	—	Staff

What Features Are Most Important to You?

“

Ease of use and accessibility for both myself and my students.

”

- #1 — Course site design is easy to customize
- #2 — Grading features that save time and effort for instructors
- #3 — Flexibility - allows different approaches for quizzing, assignments and grading
- #4 — Accessibility
