

Constitution & Bylaws Committee summary for Faculty Senate Agenda:

The Constitution and Bylaws Committee met on Sept. 23rd, 2024. We reviewed work from previous Bylaws Committees and discussed short- and long-term priorities for this academic year, which include continuing previous work of C & B Committee, reviewing all bylaws relevant to grievance processes and reviewing bylaws related to Faculty Senate apportionment. All proposed changes will be brought to the Faculty Senate upon agreement of the C & B Committee (and then will be voted on by General Faculty). We look forward to a productive year.
