# Disestablishment Details

**Justification for Disestablishment**

The program had been put on pause in spring of 2023. The program had low enrollment and needed to be modernized to keep up with the industry, which has been moving away from being theatre centric. The School of Theatre, Film and Television hoped to refresh the program, but it lost faculty along the way, so the best course of action is to completely disestablish the program.

**Teach Out Plan**

Detailed plan how you will handle current students, if any

There are no more students in this program. All students graduated in spring 2025 or earlier.
