- Identify potential connections between General Education courses & their major / professional aspirations
- Develop an ePortfolio that reflects on their achievement of the General Education learning outcomes
- Reflect on their experience in General Education as a whole
Exploring Perspectives

*These courses introduce students to ways of thinking, knowing, and doing from the perspective of different disciplinary domains.* Students will explore and practice the varied approaches of the:

- Artist
- Humanist
- Social Scientist
- Natural Scientist

❖ Choose at least one course from each perspective (12 units minimum)

❖ Students must take at least one course that carries the Diversity Attribute, & one that carries the Writing Attribute
Building Connections

These courses encourage students to bring together knowledge and modes of thinking from two or more disciplines and/or perspectives in order to foster more comprehensive understanding of questions, ideas, challenges, and/or problems. Students will utilize interdisciplinary approaches and multi-perspective taking to practice being:

Pedagogy - A Hallmark of Gen Ed Curriculum

*Students should have the opportunity to have a high-quality, engaged learning experience.* As such, all Gen Ed courses will:

- Engage students in active and collaborative learning
- Provide ample opportunities for success through regular, low-stakes assessments (formative and summative)
- Have clearly stated learning outcomes and objectives
- Use evidence-based practices and inclusive pedagogical approaches
- Emphasize disciplinary/interdisciplinary perspective-taking
- Elevate diverse voices and scholarship whenever possible (e.g. BIPOC, disabled people, LGBTQIA+, women, and others who have been marginalized in their abilities, contributions, and knowledge)
Signature Assignments

All Exploring Perspectives and Building Connections courses will include at least one signature assignment (developed by instructors) that will be included in students’ GE ePortfolios. These will allow students to utilize highlighted perspectives from each course to showcase learning, skills, and personal reflection.

- Connect to at least one course learning outcome
- Can be creative (websites, videos, performances, etc.)
- Should consider an external audience during development and highlight student strengths (skills, writing, growth)
- Can be the same assignment as Diversity and/or Writing Attribute and if so needs to satisfy all criteria
- Will be essential for the course approval process
Thanks and Questions are Welcomed!
