

The Mission of the Shared Governance Review Committee (SGRC)

The SGRC's function is to oversee the process by which Shared Governance is incorporated in all units at every level of the University. The SGRC is the primary body to help clarify and suggest how to interpret the Shared Governance Agreement passed by the Faculty Senate on September 8, 1997, and signed by the Chair of the Faculty and the President of the University. The SGRC will provide a method of assessing progress on Shared Governance at all levels of the University. Specifically, the SGRC will establish processes to (1) review compliance with the agreement, (2) examine ways in which apparent breaches of the agreement can be addressed, and (3) consider possible extensions of the agreement. It will therefore be the body to which members of the University community can bring particular concerns, and it will also examine whether the agreement has been violated or is in need of clarification or modification.
